

## BETTER ADMIRE THROUGH WINDOW

**Little Johnny Advised to Cut Out More Intimate Association With Fireworks**

**THE FOURTH.**

**CITY POLICE ARE WATCHING HIM**

**Mean to See That Regulations Are Observed Both Before and During the Holiday.**

**Fourth of July**储藏着 for some days but little Johnny and his little sister, too, had best content themselves with looking at them and continuing to save their pennies for the big day. The police mean that there shall be no premature celebrations.

"Children, and grownups as well, who persist in violating the city ordinances in discharging fireworks before the Fourth are liable to arrest," said Commissioner Liedtke today.

The ordinances cover the subject quite thoroughly, the aim being to protect children and others from danger or personal injury, so far as possible, and to also reduce the danger of the which premature celebrations afford.

**Dealers Enjoined, Too.**

Mr. Liedtke stated that not only will those who set off fireworks be held to account, but dealers will be closely watched. The toy pistol is allowed in this city and will not be禁制ed and neither may dealers sell fireworks above a certain size. This prohibition applies on the Fourth as well as prior to the arrival of the holiday.

The police department has orders also to tolerate no placing of caps on street car tracks or the shooting of any cannon.

## PRINTED NOTICES TO SALOONKEEPER

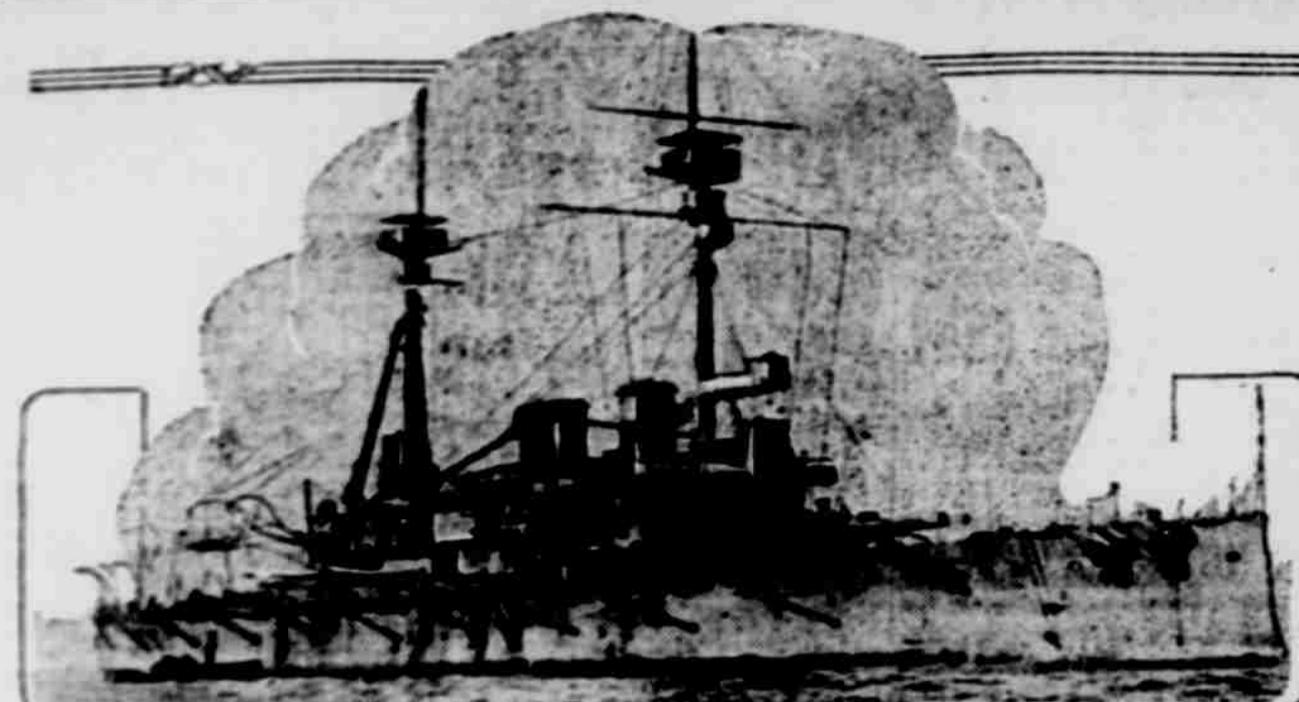

**Every Dramshop Owner in City Will Receive Personal Warning to Observe Sunday Closing Laws.**

**Printed notices to saloonkeepers of Rock Island are now being printed for Commissioner Liedtke to be sent to each one in the city cautioning him to observe the Sunday and election day closing laws to the letter.**

In the notice is printed the city ordinance covering the offense. The saloonmen are also advised to keep blinds or shades drawn from 12 o'clock on Saturday nights to 5 o'clock on Sunday mornings, to give a clear view of the interior of each dramshop.

Numerous reported violations of the Sunday laws, it is said, prompted the authorities to take this step.

## BRITISH BATTLESHIP BATTERS FORTS AT DARDANELLES

The Agamemnon.

Despite the rumors that first were sinking her and then were driving her helpless on the beach, the British battleship Agamemnon is still busy at its task of trying to batter down the Turk defenses at the Dardanelles, according to official report. The Agamemnon is a vessel of 16,500 tons displacement and carries a crew of 865 men. Her armament is four 12-inch guns and ten 9-inch, besides five torpedo tubes. She was launched in 1908.

## DAY IN DAVENPORT

**Aged Woman Is Found Stranded**—Passers-by in the vicinity of Second and Perry streets last night observed an aged woman in the neighborhood who apparently was without a home or place to sleep. She was sitting on the curb without making an effort to move, although she did not seem to be suffering. Police were summoned and when an officer was sent to the police it was learned that the woman was homeless and penniless. She had no place to stay, she said, but suggested a place on East Sixth street where she would be able to get a night's lodging. She was taken to the police and this morning was turned over to the overseer of the poor. It is likely she will be given railroad fare with which to get to a town where she has relatives.

**Police on Look Out for Crooks**—Davenport police are on the lookout for all sorts of crooks who may be following the carnival now playing here. All suspicious characters are being arrested and placed in custody during the time the carnival is here. A number of them have already been gathered in by the police and lodged in jail to prevent them from disturbing these persons who may visit the show grounds. Two negroes were brought in yesterday and 18-day sentences imposed in order that they may be in jail while the carnival is in town. It is the custom of the department whenever a circus or carnival comes to town to arrest all those who appear

to have no visible means of existence. In this instance the regulation is carried out with strict adherence to the custom and not only are they being arrested but jailed. Two men who were arrested and brought in as suspicious characters were told to leave town. They were found, however, from 24 to 48 hours afterward still in the city, after they had promised the magistrate they would leave. In each instance a jail sentence was imposed so as to prevent them from hanging around the carnival grounds.

**Licensed to Wed**—Graham, Wickman, Bayville, Ill., and Martin Remmer, Freeport, Ill.; Ernst Schwenke, Davenport, and Lenora Kramer, Davenport; Henry E. Nichols, Davenport, and Marion E. Nichols, Davenport; William Seamer, Low Moor, Ia., and Mollie Benson, Low Moor; Guy McWold, Davenport, and Bertha Koerth, Davenport; Clarence F. Morgan, Boise, Idaho, and Ella D. Schriener, Davenport; Charles V. Rider, Davenport, and Florence M. Hecker, Davenport.

**Obituary Record**—Henry Lamp, aged 72 years, passed away at his home, 627 Gaines street, after a lingering illness. He was born Nov. 15, 1842, in Holstein, Germany, and came to this country in 1869, coming to Davenport directly. He was a jeweler by trade, until the time of his death, probably the oldest living jeweler in the city. He worked in the Paulsen shop for two years, after his arrival in America, and then went into business for himself, where he remained for 12 years. He worked at the watch making trade until ill health forced him to retire. He is survived by his wife, Catherine, one daughter, Agnes, and four sons, Theodore, Herman, Emil and Edward. The funeral will be held from the home Friday afternoon at 2 o'clock with interment in the city cemetery.

**Special Train for Shriners**—A party of about 68 Shriners and their wives will take a special train from here for the 41st annual session of the Imperial Council, which will take place at Seattle, Wash., on July 13, 14, 15 and 16. The Davenport section will consist of three cars, and at a junction point between here and St. Paul, Minn., will be joined by the Des Moines Temple and the special will continue over the Milwaukee road to Seattle from the Twin Cities. It is probable that nobles from Burlington, Muscatine and Ottumwa will join the party en route by way of the Rock Island or at Minneapolis. The special will arrive at Spokane, Wash., at noon on July 11, and will leave at midnight to get into

Seattle at 11:30 o'clock the following day. The party will break up at the coast, and it is optional with the members by which road they will return. The Kasha Temple patrol will accompany the delegates to the convention, and the patrol band, controlled and directed by Benjamin Payne of Chicago, will be taken. The Kasha band, which consists of two drums, a gong and a flute, has attracted more attention in the past than many of the larger musical organizations.

—

**Starts Involuntary Bankruptcy Act**—Attorney Isaac Petersberger this morning filed an involuntary petition of bankruptcy against the Ryan Dry Goods company of Muscatine, in Federal court. He acted in behalf of three Des Moines creditors, the Des Moines Hosiery company, S. Brody & Sons, and W. H. Kehler.

**Warranty Deeds**

A. C. Jacobs to E. R. Mickelberry, sw 1/4 of 15, ne 1/4 sec. 22, n 1/4 nw 1/4 sec. 22, all in twp 29-2e, \$1.

R. J. Montgomery and wife and S. H. Montgomery and wife to W. A. Smith, pt se 1/4 of nw 1/4 sec. 6-18-1w, \$2,000.

**Quit Claim Deed**

Ross Simonson and husband to Thomas Conville and Marquis Tomlinson, tract in sec. 26-18-1w, \$1.

—

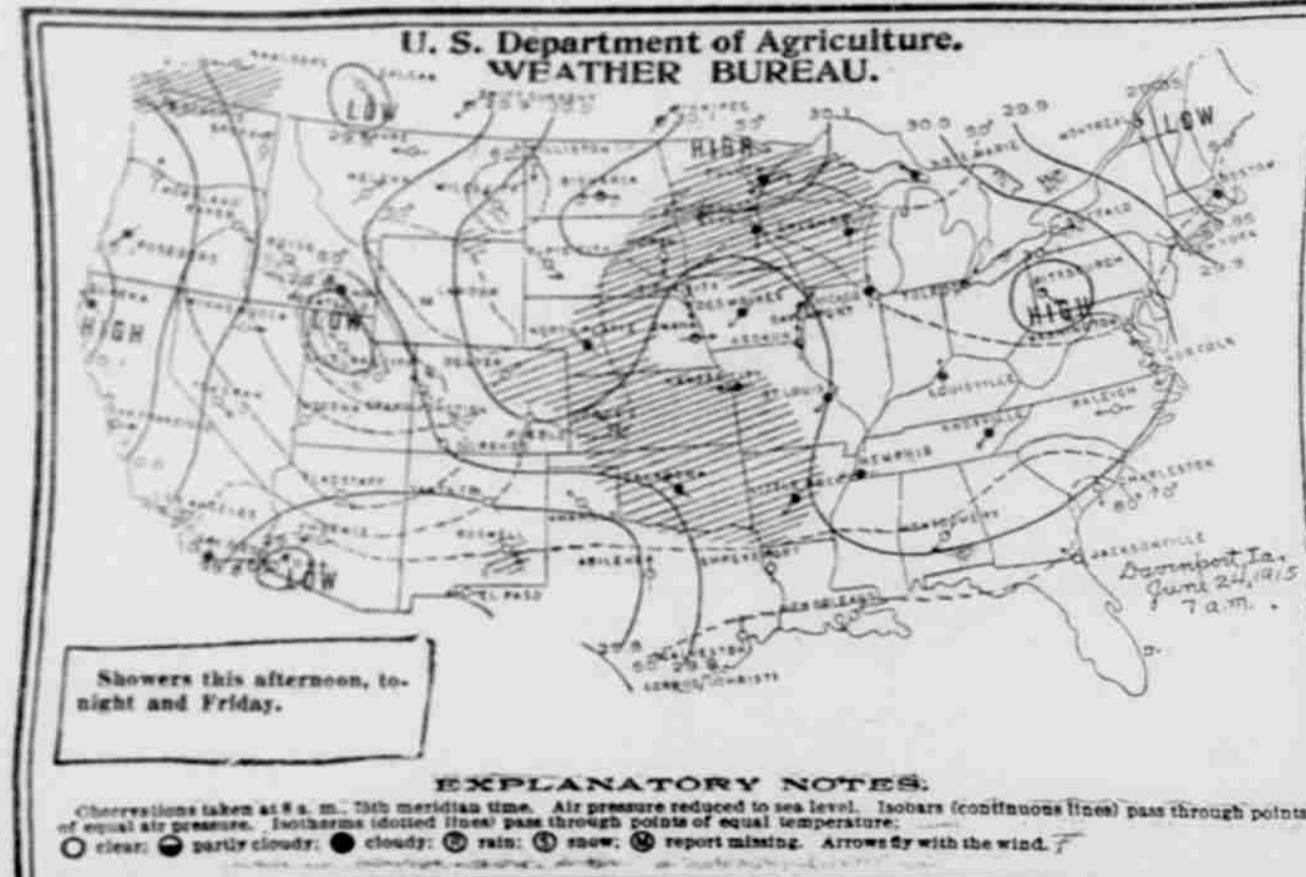

**Latinberg Acquited**

Newark, N. J., June 24.—David Latinberg was acquitted here yesterday on a charge of manslaughter for killing Floyd A. MacFarland, general manager of local cycle track and well known at one time as a cycle racer. Witnesses corroborated Latinberg's plea of self-defense. The killing occurred at a track here on April 17.

Young women graduates of the home economics department of the University of Minnesota are to attack a really vital problem. They will conduct a survey of the possibilities of training women to work in the home.

## Daily United States Weather Map

Shaded area shows precipitation of .61 inch or more.

### WEATHER OBSERVATIONS.

The western area of low pressure which overlies the Rocky mountain plateau and the territory from New Mexico and Texas northeastward to Iowa has been attended by occasional showers and thunderstorms on the eastern Rocky mountain slope and in the Missouri and Mississippi valleys and the western portion of the lake region. Relatively high pressure prevails on the north Pacific coast and from Manitoba, North Dakota and the lake region to the south Atlantic coast. Owing to the low air pressure to the southwestward, partly cloudy weather is indicated for this vicinity, with showers this afternoon, tonight and Friday.

## DERNBURG HOLDS MISSION SUCCESS

Interview Suppressed by New York  
Paper Until He Reaches Bergen,  
Norway, is Published.

New York, June 24.—An interview with Dr. Bernhard Dernburg, the former German colonial secretary, published by the Tribune today, was obtained here, that paper says, on June 11, under the stipulation that it should not be published until Dr. Dernburg's arrival in Bergen, Norway.

"Some of the allies might take offense at some of my statements and interfere with my journey," he was quoted as saying.

The steamer Bergensfjord, on which Dr. Dernburg was a passenger, was due to arrive in Bergen today, but a delayed dispatch from London received today, said the vessel had been detained at Kirkwall, Scotland, where it was understood the passengers and crew were undergoing an investigation.

The Tribune quotes Dr. Dernburg as saying that his mission in the United States, though curtailed, had been successful. "I feel that the great American public has been given a clearer and better understanding of the German cause and the German aims of this war," he added. "Germany at the beginning of the war was so isolated that the underlying motives for and the German viewpoint of the war might never have penetrated through the circle of isolation with which our enemies have tried to surround us. If I have succeeded in presenting to the great intelligent bodies of Americans the basic facts of this war as Germany sees them, and on which her gigantic struggle is based, the main object of my mission will have been accomplished."

"My plans for the future are undecided. Personally I desire nothing better than to go to the front by the side of my oldest boy—a lad of 17 years, who is going to join the colors just as soon as I get back. But there may be other things for me to do."

Dr. Dernburg said that he would go immediately to Berlin and confer with government officials there. He positively denied that he would carry on any propaganda work from any of the Scandinavian countries.
